it is to delude a poor sufferer into the belief that some worthless liniment will cure rheu-matism and neuralgia. Honesty is the best policy in the manufacture of proprietary ar-ticles as in all other matters, and the fact that the proprietors of Athlophoros have never claimed for it even all its merit would warrant has not a little to do with its wonderful popularity, and the thousands of grateful als received by them show that their policy has been wise as well as right. Experience has amply demonstrated and any remedy to be successful must dea with the obstructive acid which poisons and inflames it.

Athlophoros acts on the blood, muscles and joints directly. It takes the poison system; it invigorates the action of the muscles and limbers the stiffness of the joints. It reaches the liver and kidneys, cleansing them from irritating substances, and, if followed up after the rheumatic conditions cease, it will restore these organs to regularity and health.

Dr. W. D. Bryant, Cainsville, Mo., says: I bought a bottle of Athlophoros for a lady. She had not taken all the bottle before she was so far restored, as to resume her household duties. She had been con fine I to her bed for three weeks, unable to turn herself. The disease was inflamma-tory-rheumatism. She has not had a re-currence of it since. Athlophoros is all that is claimed for it."

E. Moore, Stahl, Me., says: "Four bottles of Athlophoros cured me of rheumatism two years ago, and I have not felt a pain or ache since."

Every druggist should keep Athlophoros phoros Pills, but where they cannot be bought of the druggist the Athlo-phoros Co., 112 Wall St., New York, will send either (carriage paid) on receipt of regular price, which is \$1.00 per bottle for Athlophoros and 50c. for Pills.

For liver and kidney diseases, dyspepsis, indigestion, weakness, nervous debility, diseases of women, constipation, breadache, impure blood, &c., Athlophoros Pills are unequaled.

SHERIFF'S SALE.
